AKALYA J

Emerging Software Engineer | Web Developer | Python | Ai & Data Science

Kanyakumari, Tamil Nadu | 8122742495 | akalyajohn99@gmail.com | linkedin.com/in/akalya-j

PROFESSIONAL SUMMARY

B.Tech Artificial Intelligence & Data Science student (2027) with foundations in HTML, CSS, JavaScript, Python, SQL and MySQL. Exposure to web development through NSIC internship training and Python full stack training. Interested in building responsive, user-friendly applications and contributing to collaborative software development.

TECHNICAL SKILLS

- Front-end: HTML, CSS, JavaScript, responsive web design
- Programming: Python, Java (basic)
- Databases: SQL, MySQL
- Development tools: Git, GitHub, VS Code
- Other: UI/UX, problem solving

EDUCATION

B.Tech — Artificial Intelligence & Data Science -

Rohini College of Engineering and Technology | 2023–2027 |CGPA: 8.4/10

HSC: St. Michael's Matric Higher Secondary School (2023), 82.33%

RELEVANT TRAINING & INTERNSHIPS

- Web Development Internship Training | NSIC Technical Services Centre, Chennai | 09–16 Jun 2025

  Completed one-week training focused on web development fundamentals.
- Python Full Stack Development Internship | Trinity Technology, Kanyakumari | Dec 2025–Jan 2026

  Gained exposure to Python-based full stack development and software project workflows.
- Python Full Stack Developer Course | Currently pursuing

ACADEMIC PROJECTS

- AI-Powered Smart Nurse Assistance and Predictive Emergency Response System | Python, ML, ESP32

  Developed an academic healthcare-monitoring concept using sensor data and machine learning to flag potential emergencies.
- Tumor Detection Using Machine Learning | Python, ML

  Worked with diagnostic data preprocessing, classification, testing and model evaluation.

CERTIFICATIONS & ACTIVITIES

- ✓ UI/UX Design — ALO Infotech (2026); EDU TANTR course and internship (2025)
- ✓ Computer Programming — T-JOP (2024); Wadhwani Ignite Bootcamp (2026)
- ✓ First Prize — Sizzle 2026 Model Making | MedXBotathon — Participant
